IDENTIFY YOUR IEM

WEAR YOUR IEM

SAVE YOUR HEARING

1. Reduce the volume

2. Wear your IEM

3. Increase the volume

4. Enjoy your music

## ACCESSORIES

Extend the life and reliability of your monitors by cleaning after every use.

No need to disconnect the audio cable.

CLEAN YOUR IEM

## CARRYING

### GREY FILTER [-17dB]

In-Ear Monitors Ambient Mode

Get the precision of a standard in-ears and add a taste of your live sound from your instrument or the whole band reduced by 17dB.

Passive Isolation Mode

Remove your cable and use your in-ear as a passive protection for your rehearsal, gigs and concert or at any daily situation where you want to be more relax.

### REMOVE THE FILTER

Use your thumb nail (or another finger) and simply grab the filter on the border, then lift up.

### REPLACE THE FILTER

Place the filter in the metallic ring hole, then press strongly and make some left/right rotation to ensure the good position.
